**Statement from First Liberty Institute Regarding Efforts to Alter
Northeast POW/MIA Network’s Remembrance Table at New
Hampshire Veterans Affairs Medical Center**

Washington, DC—The following statement may be attributed to Mike Berry, a former active duty Judge Advocate in the U.S. Marine Corps and Director of Military Affairs for First Liberty Institute:

“First Liberty Institute commends the VA for its swift response to the MRFF’s interference with the POW/MIA Remembrance Display. Our client, the Northeast POW/MIA Network, refuses to be bullied. We are shocked that the MRFF would encourage people to take matters into their own hands like this.”

First Liberty represents the Northeast POW/MIA Network in ensuring that the POW/MIA Remembrance display it donated will remain intact at the Manchester VA Medical Center.
