

FIRST LIBERTY

Our mission is to advance religious liberty across America - in schools, houses of worship and faith-based organizations, the military, and throughout the marketplace and public arena. Our core values are Winning, Integrity, Humility and Innovation.

HOW IT ALL BEGAN

When Kelly was a senior in High School, he realized his gifts were in analytical thinking and speaking. He knew God was calling him to full-time ministry and he felt the Lord leading him to help pastors and churches in protecting and advancing our religious freedoms and taking us back to our country's founding principles. Two weeks later through a miraculous answer to prayers, God confirmed his calling. **[Click here to watch Kelly's story]**

Today, First Liberty is the nation's largest nonprofit legal organization that does one thing and one thing only. We defend religious freedoms and liberties in our country.

OUR WINS

- **We have won 4 Supreme Court cases in the last 2 years** which have resulted in massive changes in the law. (*Kennedy v. Bremerton*, *Groff v. DeJoy*, *American Legion v. American Humanist Association*, *Carson v. Makin*)
- Our wins and current cases in schools and education are massive wins and battles for school choice and Christian schools nationwide. (Cambridge Christian Schools, Bangor Christian Schools)
- Our wins and current cases in houses of worship and faith-based organizations are many. (Dad's Place, Gethsemani Baptist Church Food Ministry, Heartbeat of Miami)
- Our wins and current cases in the military set huge precedents. (U.S. Navy SEALs, Shields of Strength, POW/MIA Remembrance Bible Display, Space Force Reservist Jace Yarbrough)
- Our wins and current cases in the marketplace and public arena have been crucial for employers and employees of faith. (Sweet Cakes, Alaska Airlines, Robyn Strader, Fire Chief Ron Hittle)
- We specialize in the vetting of Judges and have helped put over 234 federal judges on the court for life. We have collected and maintain more data on judges than anyone in the country.
- Our unique model using localized volunteer attorneys across the country allows us to multiply our resources. For every \$1,000.00 in donations, we realize \$6,000.00 in donated legal representation. It also has resulted in the highest win rate in the country of all non-profit law firms.
- Our volunteer attorneys are seasoned litigators at the top law firms in the nation. These lawyers know the judges and the law in their states. This gives our clients an unmatched "home-field" advantage.

WE NEED YOUR HELP!

Would you consider coming alongside us and linking shields in the battle as we continue to defend and advance our religious freedoms? We need your support in 3 key areas:

- **Prayer.** We know the battle belongs to the Lord. Because of Him we are winning.
- **Promote.** Tell people about what the Lord is doing in and through First Liberty.
- **Provide.** Your financial support is what makes it possible for us to do what we have been called to do.
